

Remarks

The amendment to claim 1 corrects a clerical error in the Examiner's amendment to claim 1. The Spy0269 antigen comprises the amino acid sequence SEQ ID NO:1 (not SEQ ID NO:122); and the Spy0416 antigen comprises the amino acid sequence SEQ ID NO:122 (not SEQ ID NO:1). The amendment does not add new matter.

Respectfully submitted,

BANNER & WITCOFF, LTD.
